

PHOTO SHOOT GUIDELINES

All staff members are required to conduct 4 photo shoots per year. Two shoots must be for an athletic event, one must be for an organization, and one must be for a non-athletic event. Organization photo shoots consist of candid photos at a club meeting or event. Some staff members may be required to do more than one Organization photo shoot in order to ensure that all organizations are photographed.

In order to receive credit, a photo shoot must occur outside of the school day and the staff member must take at least 50 appropriate photos (15-25 for Organizations). Photo Shoots must be scheduled with the Photo Editor and failure to attend a scheduled photo shoot will result in a grade of Zero. All photo shoots must start with an empty memory card. In addition, the staff member must complete the Photo Shoot Assignment Sheet and submit it along with the camera & memory card upon his/her return. Submit these items to the Photo Editor for processing.
